BUYERS' GUIDE

OF THE CITY OF
BURBANK
(CALIFORNIA)

1946

The Buyers' Guide contains the advertisements and business cards of the more progressive business men and firms in the City, classified according to lines of business.

LOS ANGELES DIRECTORY CO., Publishers
120 East 8th Street, Los Angeles Telephone TRinity 8123

THIS PUBLICATION IS THE PRODUCT OF A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories in public service, and then to strive in every legitimate way to promote that function.

BURBANK CALIFORNIA

BURBANK, a thriving, progressive and one of the most rapidly growing Cities in America, offers an ideal situation for home life and industrial development.

The reason for the tremendous interest in home owning is the recognition by industry—aeronautical, motion picture, cosmetics, canning, air transportation and many others—of the natural adaptability in every respect of this community to their needs. The establishment of payrolls here has brought a fine, desirable class of citizens who truly enjoy their Southern California homes.

Burbank invites you to consider its advantages in the establishment of your future home, business or industry.

★ ★ ★

WELCOME

Burbank welcomes its new citizenry, whether wage earner, merchant or industrialist. Each is a necessary component of any well-balanced City. For the latter, there are material advantages in the way of climate, accessibility to markets and easy transportation. For the employee, there is a community which takes pride in its civic progress, in its home atmosphere and in its opportunities to LIVE and enjoy American standards. For those who have the leisure to enjoy the better things of life, Burbank provides them in abundance, aided by the advantages bestowed by nature.

Out of Sight • Out of Mind
 ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

WHY A BUYERS' GUIDE?★ *It is customary to include a Buyers' Guide in the City Directory because . . .*

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

HOW TO USE THIS DIRECTORY

To get the most good from this Directory you must know what it contains and how to use it. You cannot get this knowledge by glancing hastily through the book, and assuming that your mind grasps a full idea of its contents from the name. Read the Title Page, front of Book, and Glance Over the Index.

IF YOU ARE IN A

BUSINESS FOG

IN THE AFTERMATH OF WAR

● Let the City Directory help guide you to reorientation. It is the natural key to things as they are after the great upheaval. A recent Directory will provide the basis by which business can obtain a new grip on markets and a new appraisal of prospects. Pre-war guides of nearly all kinds are deader than a dodo today. Business now enters a new era of great possibilities. The City Directory hews to the line without propaganda, and new editions of this service reveal the great physical changes that have come over cities and communities during the past five years.

**The CITY DIRECTORY has a definite place in
the Business Man's Post-War Plans**

C The average market is nothing like it was at the outbreak of the war. The extent of change has been tremendous. Use the new City Directory to reanalyze the city—to see what it has gained and lost—to check the movements and trends—to secure a record of the vast army of removals—to organize for merchandising new products and services.
