When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in
the City Directory

THE LOCKHEED 1030
recently in design-study
intercity commuter com
(winged helicopter) will
Lockheed's Rigid Rotor
scored the greatest ad
in aviation since the jet

THE AH-56A CHEYENNE: One
into production by the U.S.
early in 1968, this Rigid R
compound is the first helico
designed as an integrated wa
system.

THE P-3C ORION: The latest in
Lockheed's series of increas
ingly advanced amphibious
aircraft, the P-3C Orion is
scheduled for delivery to the
U.S. Navy in 1969.

12-horsepo
and skitter
gained mom
borne. For
aloft in a m
vehicle. By
became muc

Kitty Hawk, the past.

THE LOCKHEED 1026: Currently in design-study, this intercity commuter compound (winged helicopter) will employ Lockheed's Rigid Rotor, considered the greatest advance in aviation since the jet engine.

THE SR-71: Currently in service with the Strategic Air Command of the U.S. Air Force, the SR-71 is the world's first operational Mach 3 aircraft.

THE AH-56A CHEYENNE: Ordered into production by the U.S. Army early in 1968, this Rigid Rotor compound is the first helicopter designed as an integrated weapons system.

THE LOCKHEED 1011: Recently the object of the largest airliner order in history, this 300-passenger giant will set new standards of comfort in air travel. Initial delivery is scheduled for 1971.

THE P-3C ORION: The latest in Lockheed's series of increasingly advanced antisubmarine aircraft, the P-3C Orion is scheduled for delivery to the U.S. Navy in 1969.

San Fernando and Antelope Valleys, the future.

On December 17, 1903, on a grassy field at Kitty Hawk, North Carolina, the Wright Brothers changed the world. Their fragile 12-horsepower biplane lurched and skittered across that field, gained momentum, and was airborne. For the first time, man was aloft in a maneuverable powered vehicle. By implication, the world became much smaller; mankind

lost the easy provincialism of immobility.

More than six decades have passed. The scene has shifted to Southern California: Burbank, Van Nuys, Palmdale, and Rye Canyon. Instead of the two Wright Brothers, some 22,000 highly skilled people are at work. But the task is the same: extending the frontiers of flight.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CONSULT

Your City Directory has HUNDREDS OF USES AND APPLICATIONS

BUYING

- Learning new sources of supply.
- Keeping up with known sources of supply.
- Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING *(Including market analysis and sales promotion)*

- Locating new markets.
- Maintaining up-to-date mailing lists.
- Analyzing the buying power of a community or street.
- Routing salesmen to avoid lost motion in reaching prospects.
- Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
- Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE *(and Collections)*

- Running down delinquent debtors.
- Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
- Identifying persons of same or similar names.
- Investigating cases in welfare, charitable, social service and legal work.

DELIVERY *Communication, Mailing, Etc.*

- Routing deliveries.
- Reducing dead letters and insuring more complete delivery of mail.
- Effecting delivery of messages and parcels erroneously or defectively addressed.
- Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

- Tripping bad-check passers.
- Deciphering illegible signatures.
- Guarding against habitual bill dodgers.
- Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

Mr. Citizen!

*Correct Information Is
Valuable to You!*

¶ Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

MULTIPLE PRESSURE HYDRAULIC LOAD MAINTAINERS AND CYCLING UNITS 10,000, 7500, 5000, 2500 AND 1000 PSI

Challenger Model 6 FC

Challenger Models 6FC and 10FC—multiple pressure hydraulic load maintainers and cycling units for accurate static and fatigue testing of aircraft and missile components. For static testing, a single manual control enables the operator to vary the outlet pressures simultaneously from zero to 100% of the preset maximum pressures.

Challenger Model 10 FC

FIRMS NOW USING CHALLENGER MODEL MULTIPLE PRESSURE LOAD MAINTAINERS

Model 10 M

This 10 channel unit is manually controlled. Accurate static testing of aircraft and missile components is its principal function. Interchangeable valve assemblies for 1,000, 2,500, 5,000, 7,500 and 10,000 PSI are available for this unit. (Model 6M has only 6 pressure channels).
